

LUND, Daryl

Daryl Lund Killed In Korea

Viborg Enterprise - December 7, 1950

The Korean War has seemed thousands of miles away—but it was brought close to home last Sunday when the message was received here by Rev. H. Berthelsen, through the Red Cross, that Daryl Lund was a casualty. The message stated that he had been wounded in the head by a missile and died on a hospital ship. Mr. and Mrs. Peter Lund received confirmation of that message on Monday.

We know that the whole community is saddened and sympathizes with the Lund family. We hope to have his obituary next week.
