

VIKING ECHOES

1960

*Viborg Public School      Viborg, South Dakota*

## *Dedication*

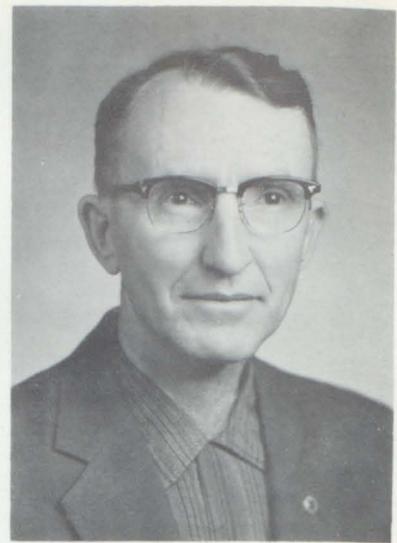

We, the Senior Class of 1960, dedicate this annual in sincere appreciation to our parents, who have made it possible for us to secure an education.

*Superintendent*

It is my sincere hope that this annual will serve in future years to remind VHS students of their days in high school. After people graduate from high school, they often think back to the "good old days" when they were in school. This is particularly true of young people who do not go on to college, but who terminate their education when they graduate from secondary school. People can, and often do, spend hours looking at old annuals and recalling past friendships and events that occurred. Often friends who attended different schools will get a lot of enjoyment from looking at each other's annuals. To many people, school annuals are priceless possessions that become more valuable as time passes.
