Viborg Enterprise - August 10, 1911

Death entered the home of Mr. and Mrs. Soren Goodhope and took from them their darling baby girl Emma Lulu of ptomaine poison last Monday night. She was only sick seven days and was ten months old and was the pet of the family. She will be sadly missed in the home where she had endeared herself to all the family in her short stay on earth. The funeral services were held at the house Wed. at one o'clock conducted by Rev. Mohus and she was laid to rest by the side of her little brother who died some years ago. She leaves father, mother, two brothers and three sisters to mourn for her.

They all did love the baby.
And would have wished her stay.
But let the fathers will be done.
She sh nes in endless day.
