

Viborg Enterprise - November 3, 1920

We neglected to mention last week that the remains of Raymond Butler, son of Mr. and Mrs. Buttler of this place, who died in the disaster of the torpedoing of the Tuscania, and was buried in Scotland, have been shipped to his old home in Wisconsin for burial. It was one of the largest military funerals ever held there. Mr. and Mrs. Butler and Mr. and Mrs. Levy Nelson were unable to attend on account of the serious illness of Mr. and Mrs. Nelson's children.
